Dear Debbi,

I wanted to again thank you for being part of my 1995 summer faculty. I was very pleased with the work that was presented, as were those in attendance. It is always a challenge to meet the varied needs of our members but I think that we really did offer something for everyone.

I appreciate all of the work that went into your classes. We all appreciate teachers who "teach" a class rather than "give" a class. I especially appreciate the cooperation and understanding that you showed. Sometimes, things can get quite hectic; especially when there are six rooms going at once!

I know that your work was enjoyed by everyone and we hope that you were pleased with our session as well.

Again, thank you for your participation and best wishes for the coming year.

Sincerely,

Debbie
