August 1, 1999

Debbi Dee::

Please allow the Nat'l Tap Dance Day Committee to thank you for your attendance and participation in the 1999 festivities. The event was quite successful, based on attendance and participation, and we have had great feedback from attendees. The master classes had a record number of participants and the festival (though hot) was well received.

We appreciate your willingness to be part of the festivities and allow us to use your name to publicize this annual event. Your support was a contributing factor to the success of the festival and was much appreciated.

We hope you'll consider coming to Dallas again, in the future, as your schedule permits.

Thank you, Thank you!!

The National Tap Dance Day Committee
Dallas, TX
