I want to thank you for all of your support in making the 8th Annual American Choreography Awards the best one yet. The show was a tremendous success and we could not have done it with out your help. The main purpose of our show is for our community to have an opportunity to get together and celebrate the excellence in choreography for the camera. It was an amazing experience as a producer to see all of the incredibly talented volunteers come together for one common goal…Dance!!!!

I can't thank you enough for your generosity in contributing to The American Choreography Awards honoring of the amazing Henry LeTang. The Educator Award is very important to me and I was honored to get to meet some of you in researching his legendary career. I humbly thank you for trusting me to tell Henry's story to our audience.

Please accept my sincere apologies for the lateness of my return package to you. I hope that this finds you well and best wishes for this New Year. If you have any questions don't hesitate to give me a call @ 323-957-6680.

Sincerely,

Terry Lindholm
On Behalf of The Executive Producers
